East		Parks	Miller Playfield - Park furnishings. Install tables, benches and other funrinture.	\$37,500 minimun
East		Parks	Horiuchi Park - Install ornamental fencing	\$6,000
East (First Hill/Capitol Hill/Madison Park)	Capitol Hill	Parks	St. Mark's Greenbelt Reforestation - An existing reforestation plan has been partially implemented with some success, but forest condition remains highly deteriorated. Evaluate plan progress, develop work program in conjunction with community partners, provide professional landscape construction services on steep slopes where volunteers cannot	\$108,264
Central East		Parks	Pratt Park Water Feature Surfacing Renovation - The safety surfacing at the water feature is worn and needs to be repaired.	\$52,500

District Council	N'hood Plan	Dept.	Project Title/ Activity Description	Estimated Cost
Central East		Parks	Pratt Park Drainage Improvements - Water from the park currently flows into the covered restroom entrance area and the enclosed kiln/sculpture yard. During cold weather this results in icy floors and premature rusting of the steel door and grate frame. During heavy rain, this results in slippery surfaces. Drainage needs to be redirected with the addition of slab drains, asphalt repair to drain to existing catch basin and installation a new manhole into the existing combined sewer.	\$140,334
Central East		Parks	Prentis Frazier Park Basketball Court Upgrade - There are several cracks in the game play area, with asphalt upheaval and grass obstructions. The asphalt needs to be lifted and net replacement.	\$47,904
Central East		Parks	Langston Hughes PAC ADA Upgrade - ADA access does not exist to the main entry. Create suitable ADA parking and access route to main building entry and to new ADA elevator.	\$126,600
Central	Central Area	Parks	Gerber Park irrigation & drainage upgrade - Irrigation system is in need of replacement. Replace old manual system with new semi-automatic system. (Total: 20,000 SF)	\$59,908
Central	Central Area	Parks	Gerber Park landscape restoration - The french drain in the center of the park is so shallow it creates a wet area that can't be mowed. The high water table has killed part of the plantings. Relandscape 2500sf of shrub bed (extending the bed over the french drain). Incorporate all the remaining wet zone turf into shrub bed, raise the grade and plant 400sf. Raise 900sf of existing shrub bed..	\$31,716
Central		Parks	Peppi's Playground Shelterhouse ADA Renovation - Renovate comfort stations to provide ADA access and to facilitate cleaning. Reconfigure toilet fixtures/stalls for ADA, add grab-bars, raise seats, lower urinal, raise lavatories, add floor drain, tile, and sign.	\$38,620
Southeast		Parks	Seward Park Playground Renovation - The play structures are beyond their life cycle and need replacing.	\$80,000
Southeast	MLK @ Holly	Parks	Brighton Playfield Tennis Court Renovation - There are cracks within the game play areas of the two courts, game play lines are faded, and the nets and posts missing from one court. Install an asphalt lift (120 x 120) for both courts. Apply a new acrylic color.	\$97,500
Southeast	MLK @ Holly	Parks	Brighton Playfield Shelterhouse Renovation - Add 32" grab bars to both sides of toilets in men's and women's. Paint exterior wood. Replace doors with gates. Add vents to existing enclosed window frames. Seal floor and stain a dark color.	\$76,800
Southeast	MLK @ Holly	Parks	Othello Playground Shelterhouse Renovation - The wood siding has some rot at grade and peeling paint. Cast iron fixtures, stained floor. Replace wood along finish grade with plastic or cement board splash. Paint exterior. Add tile to 42 inches. Change 1 cast iron fixture to stainless steel. (1/2000 Three cast iron fixtures done.)	\$64,372
Southeast	Rainier Beach	Parks	Rainier Beach Playfield Fence Fabric Replacement - Replace approximately 2,000 lineal feet of fence fabric.	\$124,900
Southeast		Parks	Adult-size pull-up bars in Parks - Install adult-size pull-up bars at Powell Barnett Park, Madrona Park and 34th & Marion park, and Seward Park	Recommended Seward Park only, \$37,500
Greater Duwamish		Parks	Georgetown Playfield - Replace 10' fencing along the eastern edge at Corson	\$10,820
Greater Duwamish		Parks	Katie Black's Garden - Improve and grade pathway, addition of picnic tables and gathering space.	\$45,000
Greater Duwamish		Parks	Beacon Hill Playground ADA improvements - Replace sand with wood fibar surfacing and include ADA access improvements.	\$35,000
Greater Duwamish		Parks	Beacon Hill Playground Comfort Station Renovation - This comfort station needs some additional improvements to make it ADA accessible. Renovate for access, reconfigure stalls; add accessories, including grab bars and new signs. Other: install new toilets and urinals, and add new poly toilets partitions. Widen exterior doors and put on new gates. Improve	ADA \$109,500 Other \$88,500
Greater Duwamish	South Park	Parks	South Park Playground Tennis Court Drainage Renovation - Tree roots are clogging the drains. Install new collection structure and new discharge pipe. Provide catch basins for surface drains. Tree problem needs to be addressed. Install backflow preventer.	\$88,500
Greater Duwamish		Parks	Maple Wood Playfield Parking Lot Repaving - Existing asphalt surface is old, cracked and deteriorating. Repave with 2" petromat overlay, remark stalls with standard buttons, adjust utility structures and make other related improvements.	\$112,069
Greater Duwamish	North Beacon Hill	Parks	Jose Rizal Park Comfort Station Upgrade - Interior odor and general appearance need improvement. Grab bars missing. Install grab bars to Men & Women WCs. Tile walls and seal and stain floor. Add louvers through wall and roof to both restrooms.	\$29,761

District Council	N'hood Plan	Dept.	Project Title/ Activity Description	Estimated Cost
Southwest		Parks	Lincoln Park Tennis Courts - resurfacing and new nets, two courts	\$30,000
Southwest		Parks	Bob Booth Tennis Courts, Lincoln Park Annes - resurfacing and new pathway, 6 courts.	\$150,000
Delridge	Delridge	Parks	Delridge PF Tennis Court Resurfacing - There is some moderate surface cracking and bubbling on the surface of the two tennis courts. Fence posts are leaning and rusted, color coat worn, cracks need repair. The fence around the courts is rusted. Fill in/patch the cracks, apply a new acrylic color coat to the tennis courts, restripe, replace nets and posts, and replace fence material and leaning posts.	\$90,000
